Waiting to be discovered on the next 52 pages are fashion firsts and handsome classics—something perfect for every woman you know (even you!).

**THE WONDERFUL WHIRL OF CHRISTMAS** is sweeping down on us again. All the excitement—tinsel and turkey, cards and carols, family and friends, giving and getting—is just around the corner.

It's a great time of the year. Busy, of course. But if life gets a little bit hectic (which it most certainly will) just remember that's part of the fun.

Better still, let Penneys help.

Right here at your fingertips, for example, you'll find thousands of holiday treasures—unusual and familiar, large and small. Every one of them is within easy reach. And every one is packed with Penneys value. (We know that's just as important at Christmas time as it is throughout the year. Probably more important.)

To make your shopping a little easier, all our lovely things are arranged to match your needs. There's a little "Christmas Place" for every name on your list. Just flip to the right place and your shopping is half done.

## HOW TO ORDER RINGS ON THIS PAGE:

Rings are available in the following sizes: 5, 5½, 6, 6½, 7, 7½, ■. State ring size when you order.  
■ If you don't know your ring size, do the following. Cut out a 5-in.-long piece of cardboard in a tapered shape. Then, take one of your own rings that fits you properly and slip the narrow, tapered end of the cardboard through the ring as far as it will go. Do not force it. Where the ring stops on the cardboard, draw a line on each side of the ring to indicate the width of the ring. Remove the ring. Enclose the cardboard with your order.

All items shipped from factory near Chicago, Illinois, allow additional time for delivery. We pay postage to all 50 states.

If for Christmas, order by December 1st.

# The Facts about Men's Clothing Sizes

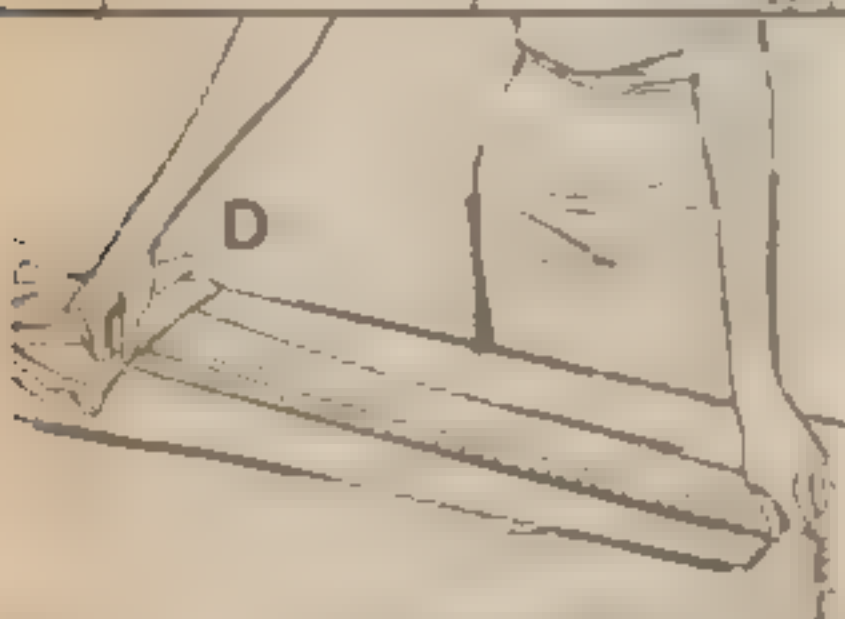

## HOW TO MEASURE

1. Have someone take your measurements.
2. Keep tape straight and snug, but not tight.
3. Measure over a comfortable, well-fitting shirt.
4. Give all measurements requested.
5. Be sure garments you want come in your size.

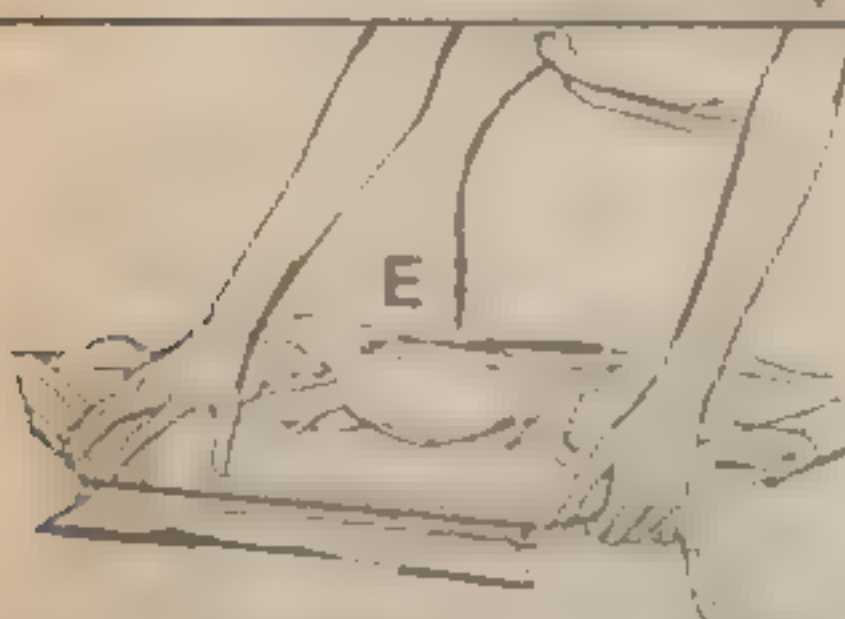

**Important:** If item description gives a garment's size in numbers, state the size in numbers when you order. If sizes are listed S, M, L, etc., state the letter size.

**A. Chest:** measure over bottom of shoulder blades, under arms, over fullest part of chest.  
**B. Waist:** measure over shirt (not trousers), at height you wear trousers. Keep one finger between tape and body.  
**C. Seat:** over a comfortably fitting pair of pants (with pockets emptied), measure around the fullest part of the hips.

**D. Trouser Inseam:** lay well-fitting trousers flat; crease at back and front. Lift one trouser leg; measure from crotch seam along inseam to length preferred.

**E. Neck:** on a well-fitting shirt, measure from center of collar button to far end of collar buttonhole.

**F. Sleeve:** measure from center back of shirt collar, behind elbow, to far end of cuff.

## Are You "Between" Sizes?

If your measurements fall between sizes, order the next **LARGER SIZE** that is listed in the description of the item.

## Important!

After you have determined the size you need, check the description to **BE SURE THE STYLE AND COLOR YOU WANT COMES IN YOUR SIZE.**

## Slacks

**FULL-FIT SLACKS** are designed for the mature man and the man who wants extra room and comfort. For the man whose seat is 7 to 8 in. larger than his waist. Have roomy fit in seat, thigh, and leg areas. Slacks will rest at your natural waistline. About 17 in. at bottoms.

**REGULAR-FIT SLACKS** are designed for the average figure, and are trimmer in seat, thigh, and leg areas, but not tight. For the man whose seat is 7 to 8 in. larger than his waist. # The Facts about Women's Clothing Sizes

## HOW TO MEASURE

1. Have someone take your measurements. It is difficult to measure yourself accurately.
2. Keep tape straight and snug but not tight.
3. For Women's Clothing: measure over a slip and whatever foundation garments you will wear with the garments you wish to order.
4. Make no allowance, or garment will be too big.
5. Give all measurements requested for the type of garment you buy.
6. Be sure garments you want come in your size.
7. If item description lists a garment's sizes in numbers, state the size in numbers when you order. If sizes are listed as "S, M, L, or XL," be sure to state the "letter size," not the number size.

## HOW TO FIND YOUR SIZE

There are four size ranges: Misses, Junior, Half Sizes, and Women's sizes. Choose the size range which corresponds most closely to "you"—your general build and your "A, B, C" measurements. Be sure garment you want comes in your size. For best fit; garments are cut slightly larger than actual body measurements.

**A. MEASURE BUST**—place tape over shoulder blades, under arms and around fullest part of bust.

**B. MEASURE WAIST**—standing in a relaxed position, place tape around natural waist at narrowest part.

**C. MEASURE HIPS**—place tape around fullest part of hip—usually about seven inches below waistline.

**TO ORDER DRESSES, SUITS, ROBES, ETC.**—order the size closest to your waist and hips—and your height if garment is proportioned. (A slight variation in bust measurement will not affect fit.)

MISSES SIZES	Order Size	8	10	12	14	16	18	20	22
	If Your Bust Measures	32-32½	33-34	34½-35½	36-37	37½-38½	39-40½	41-42½	43-44½
	If Your Waist Measures	23-23½	24-25	25½-26½	27-28	28½-29½	30-31½	32-33½	34-35½
	If Your Hips Measure	34½-35	35½-36	36½-37½	38-39	39½-40½	41-42½	43-44½	45-46½

**Misses** . . . (also "Average" Misses). Height: 5 ft. 3 in. to 5 ft. 7 in. (in stocking feet). For the figure of average proportions, this range constitutes the largest fashion selection.

**Petite Misses** . . . Height: 5 ft. 2½ in. or under (stocking feet). ¾ in. shorter to waist; proportionately shorter length than "Average" Misses.

**Tall Misses** . . . Height: 5 ft. 7½ in. to 6 ft. (in stocking feet). Styles are 1 in. longer from shoulder to waist, and proportionately longer in total length than "Average" Misses. Shoulders are slightly broader.

JUNIOR SIZES	Order Size	3	5	7	9	11	13	15

	If Your Hips Measure	32-32½	33-33½	34-34½	35-35½	36-37	37½-38½	39-40

**Junior** . . . Height: 5 ft. 2 in. to 5 ft. 6 in. (in stocking feet). For the young, slim figure. Smaller, higher bustline; smaller, more defined waistline; slightly narrower shoulders. Shoulder-to-waist measurements are slightly shorter—skirt lengths are shorter.

**Petite Junior** . . . Height: 5 ft. 1½ in. or under (in stocking feet). Waist about ¾ in. shorter—garment length proportionately shorter than regular Junior sizes.

**Junior/Misses** . . . (7/8, 9/10, 11/12, etc.) This combined size range fits both regular Junior and regular Misses figure proportions. Order the combined size that includes your regular size. For example, if you wear a Junior size 7, order 7/8; if you wear a Misses size 10, order size 9/10, etc.

# How to Measure and find the right size for CHILDREN'S CLOTHING

**IMPORTANT:** order by size not age.

**MEASURE EVERY TIME YOU ORDER ... CHILDREN GROW FAST!** Before you order, be sure the item you want comes in the size you need; if item description lists sizes in numbers, state the size in numbers when you order. If sizes are listed as "S, M, L" or "A, B, C, D", please be sure to state the letter size, not the number size. If sizes are listed as 1T, 2T, 3T, 4T, please be sure to state both the number and letter size.

**A. CHEST.** Pass tape under armpits, over bottom of shoulder blades  back, and covering fullest part of chest at front. Child should stand normally with arms at sides, wearing simply-cut street clothes.

**B. WAIST.** For underwear, swimwear: measure at true waistline, over underwear. Hold

tape snug, with one finger between body and tape. For slacks, pants: measure as above, but over shirt, with tape at height at which garment will be worn.

**C. HIP AND SEAT.** Measure around fullest part of hips, with child wearing simply-cut street clothes.

**D. HEIGHT.** Stand child against wall in stocking feet. Place piece of stiff paper across head to wall; measure from paper to floor.

**E. INSEAM.** Take a well-fitting comfortable pair of pants and try them on the child, making sure the waistband is kept at correct position. Remove pants, lay them flat; fold back one leg and measure carefully from crotch seam junction to bottom of cuffs. This measurement is finished inseam length. Maximum length of slacks when cuffed is  $4\frac{1}{2}$ " shorter than unfinished length. Maximum length of slacks when hemmed (without cuff) is 2" shorter than unfinished length.

## **Remember to Order Early...**

... to avoid disappointment. Our stocks on very popular gifts and toys are sometimes depleted late in the holiday season, and the manufacturers of these items may be unable to ship a new supply to us immediately. This means that the earlier you order, the surer you'll be of getting exactly what you want!

## **Remember to Order Early...**

... because it helps us to give you better service. You can't imagine what our warehouses are like as the last-minute rush begins! Orders come in so fast that it's all we can do to keep up with them on round-the-clock shifts!

## **Remember to Order Early...**

... to minimize delay in receiving your packages. All forms of transportation are strained to the limit for some time before the holidays. The earlier you order, the more certain you'll be that your family and friends will receive their gifts on time. Placing your order **BEFORE** Thanksgiving is really not too soon!

## **Remember to Order Early...**

... and break free from holiday crowds. Shop the convenient way—by phone, at the Catalog Center in a Penneys store, or by mail. It's **YOUR** time you're saving!

## **Remember to Order Early...**

... so you can relax and really enjoy the festivities. Once the shopping is over the fun begins! Happy Holidays!

# Mailing and Shipping Information Begins Here

**CREDIT CUSTOMERS:** We figure taxes and your mailing or shipping charges for you, then add them to your account. Send no money; there is no need to read further unless you are ordering something that is not *mailable* and wish to have it *delivered to your home*. If so, please see "HOME DELIVERY CHARGES" at lower right. Also read on page 240 how your Charge Account can help you get your order faster.

**TELEPHONE AND CATALOG CENTER CUSTOMERS:** We figure taxes and transportation charges for you—whether you're paying cash or using one of Penneys credit plans. There is no need to read further. Turn to page 233 for the telephone number of your local Penneys Catalog Center.

**CASH CUSTOMERS ORDERING BY MAIL:** Please read these two pages carefully; all of the information here concerns you. Please send a check or money order for the price of your order, including sales taxes (if any), and postage if the order is *mailable*. (We do not accept C.O.D. orders.) Any extra postage you send will be refunded in full. For not-mailable orders, send check or money order for price of your order, including sales taxes, but not shipping charges. Pay REA-Express or Trucking charges when the order is delivered. See "HOME DELIVERY CHARGES" at lower right. Some descriptions of items in this catalog state that we pay postage or shipping. This means that Penneys will pay transportation charges for that item (Hawaii and Alaska are usually excluded).

## What Is Mailable and What Is Not?

All merchandise in our catalog is *mailable* unless it is described as "mailability restricted" (see explanation in column at right) or "not mailable" (see below). If the weight of an order consisting entirely of *mailable* items exceeds the postal weight limitations, we will divide the order into two or more parcels and mail each one. But if the postage, then, is greater than the REA-Express or Truck costs, we will ship the order as a single package by one of those two carriers.

### "Mailable Orders"

These items can be mailed to any zone. The 2 steps below tell you how to estimate postage.

**STEP 1—**Determine your Postal Zone by locating your state on the chart at right and finding the first 3 digits of your Zip Code in the next column—the third column tells you your Postal Zone. For example: If your state is Alabama and your Zip Code begins with 350, your Postal Zone is 2.

**STEP 2—**After you have added mailing weights to get the total weight of your order, locate that weight in the Parcel Post Rate Chart, page 240. Then find the Parcel Post charge in the column that shows your Postal Zone at top. For example: If the weight of your order is 8.40 lbs., and your Postal Zone is 2, include \$1.15 postage.

If your order contains any not-mailable items, the entire order, including any *mailable* items, will be shipped by REA-Express or Truck—see next paragraph below. Therefore, do not send any money for postage if there are any "not-mailable" items in your order.

### "Not-Mailable" Orders

Not-mailable orders are those which contain any not-mailable merchandise, or which exceed the postal weight or size limits. If your order cannot be mailed, it will be sent to you by REA-Express or Truck. Although your order will most likely be sent by REA-Express because they generally do not charge for home delivery, we will ship by whichever method provides faster delivery consistent with economical shipping costs. We will decide which method is better, unless you specify your own preference on the order form. Most trucking companies have an additional charge for deliveries to private residences—see "Home Delivery Charges" at right. It is always more costly to have not-mailable orders shipped to your home than to a Catalog Center in a Penneys Store—so it is to your benefit to order through a Catalog Center, particularly when the order cannot be mailed.

Do not send payment for shipping charges with your order. Shipping costs are collected at time of delivery for all not-mailable cash orders. We prepay all shipping costs on credit orders and add them to your account. Charges are based on weight and distance. There is a minimum charge for each shipment (see chart on opposite page). In most instances you may ship up to about 125 lbs. at the minimum charge. Therefore, you may build up your order to this weight without paying additional shipping charges.

## Exceptions to Basic Shipping Rates

Although most of our not-mailable merchandise is shipped at the rates shown in our chart (opposite page), the exceptions listed below may take a higher rate, and that rate will vary from state to state. Charges for these exceptions may be between \$6.05 and \$20.50 for shipments weighing up to 25 lbs., between \$9.50 and \$30.00 for shipments weighing from 75 to 100 lbs. Because there is such wide variation in these charges, we suggest that you contact your local REA Express office and ask for an estimate of transportation charges for the merchandise you plan to order—or write to us at the address on page 240. You can save on these charges by ordering through a Catalog Center in a Penneys Store.

Furniture	Dinnerware & Glassware	Playground
Giftwares	Musical Instruments	Equipment
Lamps & Shades	Office Furniture & Equip.	Plumbing Supplies
Luggage	Scientific Instruments	Sickroom Supplies
Mirrors	Silverware & Flatware	Toys (large or bulky)

We check each not-mailable order; if we think the shipping charge is high in relation to the price of the merchandise, we will contact you before making shipment.

## "Mailability Restricted" Orders

These are items which can be mailed in some instances, and not in others, due to postal restrictions on weight and/or size. If the catalog description of the item you order says "Mailability restricted", check with your Mailman or Postmaster to find out whether yours is a 1st Class Post Office. If it is, the item is NOT *mailable* to you. If yours is a 2nd, 3rd, or 4th Class Post Office, the item IS *mailable* to you. See the instructions for *Mailable* and *Not-Mailable* orders in column at left.

## Factory-Shipped Merchandise

If the merchandise you order is going to be shipped direct to your home from the factory, there will be a statement to this effect in the item description. (Otherwise, all merchandise is shipped from our Regional Distribution Centers in Milwaukee and Atlanta.) Items that are shipped from the factory direct to your home may be ordered with other goods; however, they will be shipped separately with individual shipping charges. As soon as we receive your order, an acknowledgment will be sent to you showing the approximate date when the merchandise will be shipped (usually 3 to 6 weeks later). If a factory-shipped item is *mailable*, we pay the postage. Not-mailable factory-shipped merchandise will be shipped by the best method, considering factors of economy, speed, and service. Actual charges will differ somewhat, depending on how the merchandise is shipped.

## Home Delivery Charges

**REA-EXPRESS.** In most cities, within limits defined by REA-Express, the express charge you pay includes home delivery. There are a few exceptions—in New York City, for example, there is an extra charge of \$5.00 for home delivery. If in doubt, check with your local REA-Express office. If you live outside of the REA-Express home-delivery limits, you will be notified when your order arrives . . . then you may pick it up at the REA-Express terminal, or make arrangements with a local trucking company to do so.

**TRUCK FREIGHT.** Most trucking companies charge a minimum of \$5.25 (often it is more) for home delivery. This is in addition to the charges shown in our chart on opposite page.

## Sales Taxes

We are required by law to collect all sales taxes. If yours is a CASH order, include the total amount of your sales taxes with your payment at the time you order; any overpayment will be promptly refunded. The chart on opposite page shows only your state sales tax rate for each \$1.00 of merchandise you order—be sure to add any *local, city, and/or county* sales tax that applies to you. If yours is a CREDIT order, don't bother to figure the sales tax—we'll do it and add the correct amount to your invoice. In case of late changes in sales tax rates, your invoice will show the correct up-to-date amount whether yours is a cash or credit order.

### Where to Mail Your Order

In the last column of the chart above, you'll find an abbreviation for the city where your order should be mailed. Match it up with the same letters on the next page, and you will have the full address. For the HOW TO RETURN MERCHANDISE address, please see page 241.

REA and Truck rates are subject to change at any time.

## Mailing and Shipping Information (continued)

See page 238 for information about **Mailable, Not-Mailable, and Mailability-Restricted** orders—also **Factory-Shipped merchandise and Sales Taxes.**

### Where to Mail Your Order

Listed below are the 5 addresses of Penneys distribution points. In the chart on page 239 (turn back one page) in the last column after your state, there is a 3-letter abbreviation for the city to which your order should be mailed. Use that abbreviation to locate the complete address (in the group of 5 below) that is correct for your location.

Camden, Dallas, and Denver are primarily order-gathering points.

Orders mailed to Camden and Dallas are picked up there and flown to our big Atlanta Distribution Center. Orders to Denver are flown to the Milwaukee Distribution Center. If you live in areas served by Camden, Dallas, or Denver, this method gets your order to the Distribution Center one or two days earlier than if you mailed it directly to Atlanta or Milwaukee. We truck merchandise from the Distribution Centers to Allentown, Penna. (near Camden), Dallas, or Denver—and then send it on to you by mail or REA-Express. All of this gives you much faster service—and lower transportation cost.

### Where to Mail Correspondence and Inquiries ▶ Same as above, c/o Customer Service Dept.

If you need to phone about an order you have placed by mail, call Milwaukee (414-771-6000) or Atlanta (404-361-7700), as appropriate to your location. There is no phone number for this purpose in Camden, Dallas, or Denver. We do not accept collect calls.

### What does it mean?

If your order is processed through Atlanta, Camden, or Dallas please allow 24 to 48 hours additional delivery time for items marked with this symbol (♦).

### How your charge account can speed up your order

If you are used to mailing your order to us and if you have a Penneys Charge Account... there's a way for you to get your merchandise up to 5 days sooner. Just telephone your order to the Penneys Catalog Center nearest you (see listings beginning on page 233), and ask to have the order added to your charge Account and sent directly to your home!

### Mailing and shipping weights

A few seasons ago, Penneys changed its mailing weights from pounds-and-ounces to approximate equivalents in pounds and hundredths-of-pounds. For example 1 lb. 1 oz. now reads 1.10 lbs. When you fill out the Order Form on page 243 or 245 you will no longer have to convert ounces into pounds—it will already be done for you. Now, just add the weights like dollars and cents.

**Weights stated in the catalog descriptions are approximate. We calculate your postal charges on actual total weight of your order.**

## Parcel Post Rate Chart

The rates printed in our Fall and Winter Catalog (page 700) are in effect till Nov. 13. On Nov. 14 the rates shown below become effective. We suggest that you use these rates from the time you get this catalog. Any extra postage you send will be refunded in full. Parcel Post rates are always subject to change.

PLEASE NOTE: Items weighing less than 10 lbs., but measuring more than 84 inches in length and girth combined, take 10-lb. rate.

## For refunds, exchanges, or damage in transit—also for adjustments on specially guaranteed or warranted merchandise

**IMPORTANT:** Each order shipped includes a "Return or Exchange Form" as part of your invoice, to be filled out in case you need to return a purchase. (If form has been mislaid, ask us for one in a letter mailed to address given at left.)

### Damage in Transit

1. If merchandise worth less than \$100 was damaged in the mail, fill out "Return or Exchange Form" and send it to us along with the merchandise.

2. If merchandise worth more than \$100 was damaged in the mail, it has been insured by us; therefore you must file a claim with your local post office. Then fill out the "Return or Exchange Form" (including the insurance claim number) and send it to us along with the merchandise.

3. If merchandise delivered by REA-Express or Truck is damaged on arrival, get an Inspection Report from the driver and have him take the package back. (If you discover the damage after the delivery driver has gone, notify the transportation company; they will come for the package and give you the Inspection Report.) Send us the Inspection Report, the paid transportation bill, and a copy of your invoice, including the filled-in "Return or Exchange Form."

### Regular Exchange or Refund

If you are returning merchandise for any reason other than damage in transit (regardless of how it was shipped or the value of the item), simply fill out the "Return or Exchange Form" and send it to us, along with the merchandise, to the address given for your state at left.

Shipping charges on returned merchandise will be refunded.

### SHIPMENTS FROM FACTORY

The instructions above and at left do not apply. Write to the J. C. Penney Co., Inc. 11800 West Burleigh St., Milwaukee, Wisc. 53201, c/o Dept. F explaining your problem; and we will let you know what to do.

# HERE'S HOW TO FILL OUT OUR REGULAR ORDER FORM

**IMPORTANT:** In this Catalog you will find two order forms. The Order Form on page 243 is for personal orders to your home. The Order Form on page 245 is a special Gift Order Form for sending gifts to friends and family anywhere in the United States and A.P.O. and F.P.O. addresses. (See inside back cover for additional A.P.O., F.P.O. mailing information). The following instructions apply to both Order Forms.

Be sure to give us your **PENNEYS CUSTOMER NUMBER**—here's how to find it. Your **PENNEYS CUSTOMER NUMBER** is the same as the number on your Penneys Charge Card if you have a Penneys Charge Account. That's the only number we need—no matter whether you pay cash or charge your purchase. If you *don't* have a Penneys Charge Account, the easiest place to find your Penneys Customer Number is on any recent invoice you have received from us. **IF YOU ARE PLACING YOUR FIRST ORDER**, and you *do* have a Penneys Charge Account, the number on your charge card is your **PENNEYS CUSTOMER NUMBER**. But if you *don't* have a Penneys Charge Account, you have no **PENNEYS CUSTOMER NUMBER** yet—so leave the space for it blank on the order form: we will fill your order promptly and assign you a **PENNEYS CUSTOMER NUMBER** at the same time.

## 1. Tell us who you are

- If you have ordered from us before, fill in your Penneys Customer Number (see paragraph above).
- Always write your name **EXACTLY** the same way each time you order. When you write an address, give full details (including ZIP code).

## 2. Give full ordering information

**IMPORTANT:** Use one order form for Cash or Charge Account orders. Use a second order form if you wish to make a "major purchase" (selected merchandise only) using Penneys Time Payment Account. (See page 249.)

- Page Number? Please fill in the number of the page where the item is sold.
  - Name of Item? Your best 1-or-2 word description.
  - Quantity? How many each unit (pkg., box, pr.) do you want?
  - Unit? How is item sold? Pkg.? Each? Box?
- Remember: 1 package of hose may contain 3 pairs; if you order 3 packages, you'll receive (and be billed for) 9 pairs of hose.
- Catalog Number? Write **ALL** letters and numbers that are a part of the "catalog number."
  - Size? Write numbers **OR** letters (S, M, L)—as requested for the item.
  - Color? Write color number **AND** color name as requested for the item.
  - Unit Price? Total price? Where items are sold in combinations ("2 for ..." or "3 for ..."), use a separate line to order each item, then write the combination ("2 for ...") price once.
  - Shipping Weight—If you order **MAIL** and pay **CASH**, you will need a total shipping weight to figure postage charges. **DO NOT** list weights for not-mailable, factory-shipped, or postage-paid items. Just add up the weights exactly like dollars-and-cents—no conversion from ounces to pounds with our new system of stating weights in pounds-and-hundredths-of-pounds. Then refer to pages 238-240 to find out what postage charges will be. *Credit customers* (ordering **MAIL**): Leave this column blank—we will figure postage for you and add the charges to your account.

## 3. Choose the way you will purchase this order

You may open a Penneys Account anytime—with or without an opening order. See pages 244, 246.

### REGULAR CHARGE ACCOUNT?

- Anything you buy from our catalogs may be charged to your Regular Charge Account. When you order, fill in your Account Number, check the Regular Charge Account box, and **SIGN** the short agreement below it.

### TIME PAYMENT ACCOUNT?

- If you are ordering "major" items (such as household goods, tools, sporting goods, etc.) you may want to use our Time Payment Account. Just be sure that everything you are ordering on this order form is "eligible" for Time Payment (see list on page 249). Fill in your Account Number, check the Time Payment Account box, and for **ALL** your Time Payment purchases, "add-on" or new, sign the Time Payment Account Agreement on page 248.
- **YOU MAY NEED TO USE 2 ORDER FORMS**—the first for Cash or Regular Charge Account purchases, the second for Time Payment Account purchases. Write to us c/o our Customer Service Dept. for additional Order Blanks at address given on page 240. If you *do* use 2 order forms, be sure both are filled out completely. Even if you mail them to us in the same envelope, they are **SEPARATE** orders.

## 4. Total it up

- **THIS IS A CREDIT ORDER** (Regular Charge Account or Time Payment Account)—we do the bookkeeping for you. All taxes and postage or shipping charges will be added to your account. No need for you to figure them.
- If you are a **CASH** customer, include money for sales taxes, for postage (if your total order is mailable), and for any balance you owe Penneys from a previous cash order. Write each amount, then write the amount you are enclosing with your order (check or money order only, please). We will promptly refund any overpayment.

## PENNEYS CHARGE ACCOUNT AGREEMENT

I will pay the "time sale price" of each item charged to my account. The "time sale price" consists of the cash sale price of the item (stated price plus shipping charge and sales tax, if any) plus monthly **FINANCE CHARGES**. The **FINANCE CHARGE** is the greater of (a) a minimum charge of 50¢ or (b) an amount computed at Periodic Rates of 1½% of the Adjusted Balance up to \$500, and 1% over \$500. "Adjusted Balance" means the balance at the beginning of each billing period (Previous Balance) less any payments and credits received during that billing period. There is no **FINANCE CHARGE** on Adjusted Balances under \$5. The monthly Periodic Rates of 1½% and 1% amount to the **ANNUAL PERCENTAGE RATES** of 18% and 12% respectively.

If I pay the cash sale price before my second monthly billing date following purchase, I will pay no **FINANCE CHARGE** on that purchase.

After each monthly billing date and before the next one, I will pay an amount in accord with your minimum payment schedule in effect at that time—or I may make a larger payment if I wish. The present schedule is as follows:

Minimum Payment Schedule

Unpaid Balance	\$01-\$11	\$11-151	\$151-201	\$201-251	\$251-301	\$301-351	\$351-401	\$401-451	\$451-501	Over \$501
Monthly Payment	Balance	\$10	\$15	\$20	\$25	\$30	\$35	\$40	\$45	1/10 of Balance

You will keep me informed of any changes in your minimum payment schedule. Payments are applied to the time sale prices of my purchases in order of purchase. I may pay my entire balance at any time.

If I default, you may declare my entire balance to be payable. If this agreement is referred to an outside attorney for collection, I will pay your attorney's reasonable fees, plus court costs, to the extent permitted by law. You will not have any security interest in any of my property because of my purchases from you.

You may limit or terminate my account. Upon request I will return my charge account card, which remains your property.

**NOTICE TO THE BUYER:** Do not sign this agreement before you read it or if it contains blank spaces. You are entitled to an exact copy of the agreement you sign. Keep this agreement to protect your legal rights. You may at any time pay off the full unpaid balance under this charge agreement.

## PENNEYS TIME PAYMENT AGREEMENT

I will pay the "time sale price" of each item charged to my account. The "time sale price" consists of the cash sale price of the item (stated price plus shipping charge and sales tax, if any) plus **FINANCE CHARGES**. The **FINANCE CHARGE** is computed monthly on the balance at the beginning of each billing period (Previous Balance) at Periodic Rates of 1.2% of the Previous Balance up to \$500, and 1% over \$500. The monthly Periodic Rates of 1.2% and 1% amount to the **ANNUAL PERCENTAGE RATES** of 14.4% and 12% respectively.

If I pay my entire New Balance (the balance at the close of each billing period) before my next monthly billing date, there will be no **FINANCE CHARGE** on purchases included for the first time in the New Balance, and no further **FINANCE CHARGES** on the New Balance.

After each monthly billing date and before the next one, I will pay an amount in accord with your minimum payment schedule in effect at that time—or I may make a larger payment if I wish. The present schedule is as follows:

# PLAYTENTIALS

Created and tested by Dr. Burton L. White,  
Director, Harvard University Pre-School Project

"These toys have been designed on the basis of the most accurate information available on the rapidly changing interests and abilities of infants. When these toys are used as directed, most infants spend many hours studying and enjoying them and respond with increased visual and tactile exploration. Though no long-term predictions can be made from present data, our current testing program and related research indicate that significant growth landmarks, such as the visual discovery of the hands and mastery of their use, are achieved sooner by infants exposed to Playtentials."

*Burton L. White*

A series of educational toys scientifically designed to match your baby's developing skills. Change the toys as your infant grows—keep him interested and actively entertained, both physically and mentally. Playtentials emphasizes not what the parent sees but what is visible and appealing from baby's point of view. Colorful, stimulating, absorbing toys give baby relevant early experiences through the fun of exploring color, motion, touch, shape, and textures... help guide him toward the discovery of himself and his surroundings. Scientifically appropriate play experiences during the first months of a baby's life can significantly affect the rate at which he acquires skills which give him pleasure, and heighten his interest in further explorations.
